

Virtual Access

SOLUTION OVERVIEW

Virtual Access is aimed at organisations who are interested in reducing the costs associated with owning 0860 numbers and the required infrastructure to host those numbers.

Virtual Access provides companies with an opportunity to connect directly to the ECN Network. Once connected, customers are in a position to re-configure their 0860 numbers and take

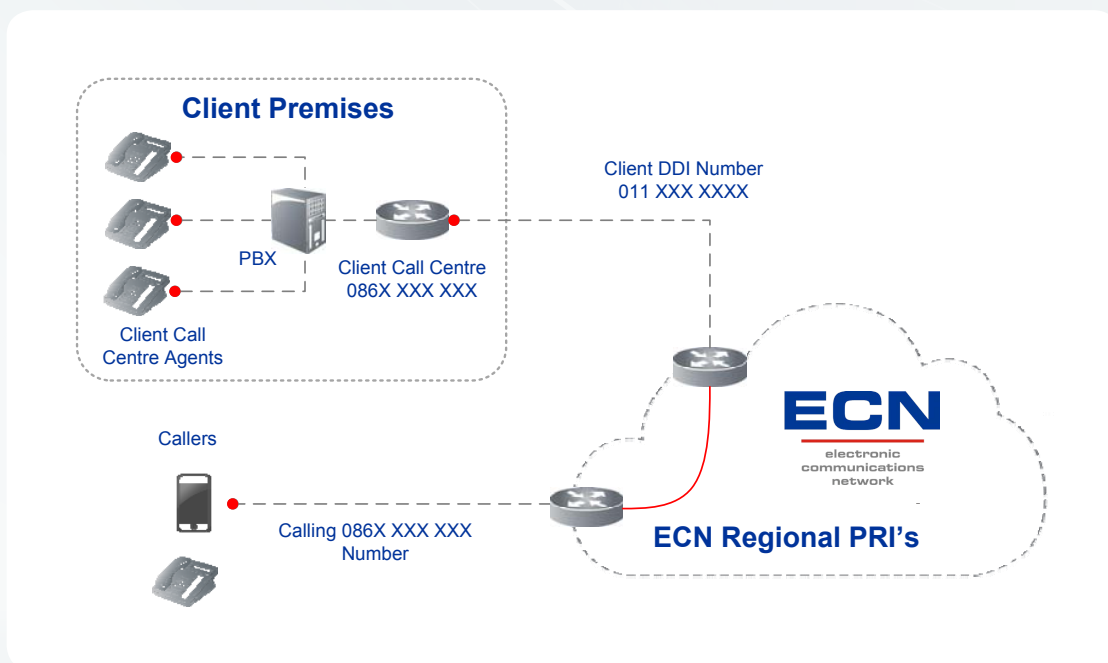

advantage of our competitive call rates to reduce their monthly 0860 call spend.

In some cases, depending on its national presence and geographic distribution of its callers, the company may be in a position to decommission its 0860 infrastructure entirely, thereby further reducing existing rental fees and realising an additional monthly saving.

FEATURES & BENEFITS

- ▶ Leading carrier-grade next generation network
- ▶ Routing of all call types
- ▶ Highly competitive call rates
- ▶ Pure per second billing from the 1st second
- ▶ No minimum call charges on any call type
- ▶ Special on-net rates
- ▶ 24/7 Network Operations Centre & Helpdesk
- ▶ Free Telephone Management System (TMS)
- ▶ TMS provides real time call monitoring and reporting
- ▶ Supports Geographic Number Porting
- ▶ Significantly reduce 0860 call spend on incoming calls
- ▶ Save monthly costs on decommissioned 0860 infrastructure
